

Application for the CHHA-NL Accessibility Fund for Community Organizations

To promote hearing accessibility, CHHA-NL provides an Accessibility Fund for Community Organizations, charity groups, non-profits, and other organizations that provide public use/meeting space. The fund provides a 50/50 cost share for the purchase of hearing assistive technology for public spaces.

Eligibility requirements:

- Organizations must provide or travel to spaces for public use/meetings;
- Must obtain and submit a minimum of two (2) written quotes for equipment;
- Must be willing to provide for half the cost of needed listening equipment including all associated costs (i.e. shipping, taxes, duties, etc.);
- Must be approved by CHHA-NL prior to purchase of equipment;
- Successful applicants must agree to display signage provided by CHHA-NL advising participants of availability of system and create their own signage informing the public on how to access and use the devices.

Steps to Access Fund:

Step 1: Arrange a consultation with CHHA-NL, over the phone or by appointment to help you select an appropriate listening system for your space and borrow equipment from CHHA-NL to test compatibility prior to the purchase of equipment.

Step 2: Research quotes on selected listening system (see attached “Sales Outlet” for help finding dealers to obtain quotes, this list is not exhaustive, it is a suggestion of where to start your research).

Step 3: Complete Application and return to CHHA-NL

Important Notes:

- ❖ *CHHA-NL may follow up within 3 months of installation to evaluate system and signage*
- ❖ *Installation costs, if any, are the responsibility of the applicant;*
- ❖ *Funding is limited and is dispensed on a first come, first served basis.*
- ❖ *CHHA-NL reserves the right to decline requests for equipment that it does not deem appropriate or the best use of funds;*
- ❖ *CHHA-NL will not fund equipment if it has been purchased prior to fund approval.*

- ❖ Please note: Group Listening equipment may be found for purchase through online sources, electronic and audio retailers and businesses that sell hearing assistive technology. For your convenience we provided some local sources on this sales outlet list. Remember that this list is not exhaustive and that CHHA-NL does not recommend these dealers over others. They are just suggests to help give you an idea of the types of sources where listening systems may be purchased.
